

Springer Pumps proudly offers our **SPRINGER PARTS** line of aftermarket pump rebuild kits for the most popular HVAC, industrial and submersible pumps on the market today. We also stock rebuild kits for a large number of obsolete pumps. Many of our rebuild kits include parts not offered in the OEM versions. This catalog features our most requested rebuild kits.

BENEFITS OF SPRINGER PARTS REBUILD KIT LINE:

- Most kits contain an original US Seal brand mechanical seal with upgraded P-66 abrasion resistant carbons.
- The largest selection of aftermarket pump rebuild kits in the industry.
- American manufactured shaft sleeves, o-rings and gaskets.
- Lead free aluminum bronze shaft sleeves.
- All kits can be upgraded for high temperature, abrasive and corrosive services.
- Highly competitive pricing with discounts for electric motor and pump repair shops.
- Most rebuild kits are in stock and can be shipped the day of order.
- Quality that meets or exceeds OEM standards.
- *Springer Pumps* also stocks rebuild kits for Goulds and Durco ANSI pumps, Weinman, Allis Chalmers, Mission industrial pumps and Hydromatic, Reliance and many other submersible pump lines.
