

AN EXCELLENT MIXTURE: THE FLUX MIXING PUMP F426

You want to mix and pump liquids within a closed drum or an open container.

By turning the adjusting lever, the pump can either mix or pump. Liquids can also be mixed even when being transferred to another container.

Special advantages:

- No changes in the outer diameter of the pump tube in stainless steel as the pump works without any additional components.
- Light and handy design.
- Pump/drum connection glands, also in vapour-proof version, are available

Here the FLUX mixing pump is the right pump for you.

Flexible coupling between pump and motor

Adjusting lever to set the pump to mixing or discharge

Mixing openings

Packaging of the mechanical seal and rotary shaft seal adjacent to each other ensures the maximum integrity of the sealed inner tube

Impeller in ETFE

NOTE All FLUX drum pumps are stripped for cleaning with a minimum of effort.
